A Skeptic Among Scholars August Frugé 1993-09-15 When August Frugé joined the University of California Press in 1944, it was part of the University's printing department, publishing a modest number of books a year, mainly monographs by UC faculty members. When he retired as director 32 years later, the Press had been transformed into one of the largest, most distinguished university presses in the country, publishing more than 150 books annually in fields ranging from ancient history to contemporary film criticism, by notable authors from all over the world. August Frugé's memoir provides an exciting intellectual and topical story of the building of this great press. Along the way, it recalls battles for independence from the University administration, the Press's distinctive early style of book design, and many of the authors and staff who helped shape the Press in its formative years.

The Luxe Anna Godbersen 2009-10-13 The Luxe is the first book in the New York Times bestselling Luxe series by Anna Godbersen. In a world of luxury and deception, where appearance matters above everything and breaking the social code means running the risk of being ostracized forever, five teenagers lead dangerously scandalous lives. This thrilling trip to the age of innocence is anything but innocent. Pretty girls in pretty dresses, partying until dawn. Irresistible boys with mischievous smiles and dangerous intentions. White lies, dark secrets, and scandalous hook-ups. This is Manhattan, 1899. Beautiful sisters Elizabeth and Diana Holland rule Manhattan's social scene. Or so it appears. When the girls discover their status among New York City's elite is far from secure, suddenly everyone—from the backstabbing socialite Penelope Hayes to the debonair bachelor Henry Schoonmaker to the spiteful maid Lina Broud—threatens Elizabeth's and Diana's golden future. With the fate of the Hollands resting on her shoulders, Elizabeth must choose between family duty and true love. But when her carriage overturns near the East River, the girl whose glittering life lit up the city's gossip pages is swallowed by the rough current. As all of New York grieves, some begin to wonder whether life at the top proved too much for this ethereal beauty, or if, perhaps, someone wanted to see Manhattan's most celebrated daughter disappear... "Mystery, romance, jealous, betrayal, humor, and gorgeous, historically accurate details. I couldn't put The Luxe down!" —Cecily von Ziegesar, author of the #1 New York Times bestselling Gossip Girl series

The Bond King Mary Childs 2022-03-15 From the host of NPR's Planet Money, the deeply-investigated story of how one visionary, dogged investor changed American finance forever. Before Bill Gross was known among investors as the Bond King, he was a gambler. In 1966, a fresh college grad, he went to Vegas armed with his net worth (\$200) and a knack for counting cards. \$10,000 and countless casino bans later, he was hooked: so he enrolled in business school. The Bond King is the story of how that whiz kid made American finance his casino. Over the course of decades, Bill Gross turned the sleepy bond market into a destabilized game of high risk, high reward; founded Pimco, one of today's most powerful, secretive, and cutthroat investment firms; helped to reshape our financial system in the aftermath of the Great Recession—to his own advantage; and gained legions of admirers, and enemies, along the way. Like every American antihero, his ambition would also be his undoing. To understand the winners and losers of today's money game, journalist Mary Childs argues, is to understand the bond market—and to understand the bond market is to understand the Bond King.
